

## **Best Practices**

The Punjabi University Patiala has number of Best Practices. One of the recently (in 2023) added best practice is to organise the expert talks every year on the topics on which the Nobel prizes are awarded. The large target audience is primarily the UG students so that few of them can be motivated to aim for such awards. This year it was organized on 2nd Feb. 2023 as per the following details:

Expert talks related on the topics in which Nobel prizes were given in the year 2022

Dated 01 February 2023-02-28

Venue: Science Auditorium
