10th National Conference on

CHEMICAL AND ENVIRONMENTAL SCIENCES: INNOVATIONS AND ADVANCES - 2018

CES: IA-2018 FEBRUARY 15-16, 2018

DEPARTMENT OF CHEMISTRY

Punjabi University, Patiala - 147 002 (Punjab) UGC: SAP (DRS - II) Assisted Department

INVITATION

The organizing committee sincerely invites you and your colleagues to participate in the deliberations of the 10th National Conference on "Chemical and Environmental Sciences: Innovations and Advances - 2018" organized by the Department of Chemistry, Punjabi University, Patiala on 15-16 February, 2018.

INSTITUTION

The Punjabi University, accredited as 'A grade' by NAAC, located in the erstwhile princely city of Patiala, in the south east of Punjab, was established on April 30, 1962. After the Hebrew university of Israel, this is the only university to be named after a language. In addition to its primary objective of developing and promoting Punjabi language and culture, the university fulfils the educational and social requirement of the people of Punjab and nearby states. Keeping pace with the developments taking place in the educational field all around the world the university has evolved as a multi-faceted and multi-faculty educational institution with over sixty-five teaching and research departments.

The Department of Chemistry is one of the first three departments which started functioning with the inception of Puniabi University in 1963. Initially, the department started functioning with courses having specializations in Organic, Inorganic and Physical Chemistry. In the later stages Analytical and Biochemistry specializations were also introduced. In the year 1974, M.Sc. in Forensic Science was also added in the list of courses run by the department. The Biochemistry specialization and Forensic Science section have now developed into full fledged and independent Departments of Biotechnology and Forensic Science respectively. The Ministry of Environment, Government of India, has recognized the Department of Chemistry as the centre for the pollution control and environmental analysis. At present, the Department is offering Organic, Inorganic and Physical Chemistry specializations to M.Sc. and M.Phil. students. The Department has been awarded SAP DRS-II (2014-2019) and FIST (2009-2014) assistance by UGC, New Delhi and DST, New Delhi, respectively. The Department has a well established instrumentation centre equipped with GC-MS, CHNS Analyzer, IR, UV-Visible, Fluorescence spectrophotometer and many other minor equipments. Very soon FTIR, TGA-DTA, HPLC and Flash Chromatography systems will be installed under SAP: DRS-II assistance. Apart from teaching assignments the faculty of the department is engaged in many Government and Industrial sponsored major research projects.

PATIALA

The princely city of Punjab, Patiala is a brilliant spectrum of Rajput, Mughal and Punjabi cultures, a fine blend of modernity and tradition. Patiala is well known as city of gardens. It was founded by Baba Aala Singh about 200 years ago. The city has a number of educational institutions like Thapar University, Law University, Government Medical College, State College of Education, Physical College of Education, Commerce College and a number of Science and Arts Colleges, NIS and other historical and religious places like Baradari gardens. Kali Mata

Mandir, Gurudwara Shri Dukhniwaran Sahib. Patiala is about 250 km from Delhi, 50 km from Ambala Cantt. and 70 km from Chandigarh. It is well connected by Road and Rail with all parts of the country. The weather in early February is normally cold with temperature around 15 - 20°C. The participants are advised to bring warm clothing.

ABOUT THE CONFERENCE

This is 10th in the series of National Conference being organized by the Department of Chemistry, Puniabi University, Patiala, The primary objective of this National Conference is to sensitize and stimulate the young minds to bring out the best in the context of new paradigm in Chemical, Environmental Sciences, Synthesis and Analytical perspectives. The deliberations and elucidations will explore the new dimensions in the field of synthesis, structure, green chemistry, combinatorial chemistry, environmental issues, pollution control and eco-friendly technologies. The special emphasis will be focussed on the current issues related to interdisciplinary areas of Chemical and Environmental Sciences. Also this Conference will be able to bring together the Scholars. Researchers and Industrialists on a common platform, to deliberate and discuss the state of the art research collaborations in the field of Cheminformatics. Bioinformatics. Nanotechnology, Separation Science and Material Characterization during special technical session with special emphasis on how the revolution in information technology in the in the Post Genomic Era is transforming chemistry. The outcome of these deliberations will be highly beneficial for researchers working in the area of Chemistry, Biosciences and Environmental Science. The technical programme includes a Key Note Address By Prof.(Dr.) Siva Umapathy, Head, Department of Inorganic and Physical Chemistry, IISC, Bangalure. Invited Lectures and Poster Presentations (Some abstracts submitted for poster presentations will be selected for oral presentations).

CALL FOR PAPERS

The participants are requested to submit the abstract(s) (maximum 250 words) of their paper(s) typed in MS Word, Times New Roman font, 12 point with single spacing on A4 size with 3 cm right and 5 cm left, 1.5 cm top and bottom margins through e-mail to Dr. Poonam Patyar (Convener, Technical Programme Committee) on cesiapup2018@gmail.com as an attachment in MS Word format with above said specifications. The name of the presenting author of the poster should be underlined. Poster size should be 1 meter x 1 meter in dimension. Abstract will be published in the Abstract Book only after receiving the registration fee. Three best presented posters will be awarded prizes.
