Hello Sir,

First of all I want to thank you and the efforts made by everyone in the placement cell. Emerson is basically a Manufacturing and Technology Provider but as we guys in IT Sector, we work on the Oracle Apps. Emerson is a very good platform for the Freshers to learn and improve their skills. As you know, most of the students from Punjabi University get placed in Emerson after 6 months Industrial Training (In the Training period, we guys get a lot of time to improve our Technical skills and learnt most importantly how to behave in the corporate world). I'm working as a Quality Analyst in the EPM Team. So, I definitely recommend you to develop long-term relationship with this prestigious organization.

Dear Emerson Selects,

The Placement Cell is interested in knowing about successful completion of your training with Emerson and subsequent joining. We are also interested in developing long-term relationship with this prestigious organization and look forward to your contribution in this direction. Please respond back to this mail (as "reply", without altering the subject line) at the earliest possible.

Wishing you a bright career ahead,

BS Saini
