Respected Sir,

First of all, I want to thank you for everything you and the placement cell did for our placements.

Talking about Nagarro, It is an amazing company to start career with. We joined Nagarro on 4th of January. The environment here is very good. Well, the logo says "The Brightest Minds". I have seen the same here. Here people actually enjoy working. So do I. The company is also financially stable. So if you can make it recruit from our campus, It would be a very good opportunity for our juniors.

Since you asked, I would like to advise the college and the students, for better placements, to make the students from all the branches (preferably from ECE and definitely CSE) sound in programming skills. Since we all know the scope of placements in Electronics Industry.

Well that's all from my side. Thanks for thinking of our opinion worth counting.

Warm Regards,
Shubham Goyal

Dear Shubham & Sukhbir,

Guess you both have joined Nagarro Software - please share your joining status.

Also, share your feedback/experience at Nagarro Gurgaon - any feedback/advise for your juniors will be appreciated.

Best Wishes,

Dr Dham
