Respected Sir,  
 Really sorry for replying late  
 Son currently we are undergoing training. We will join our respective teams in September.  
 My personal feedback to juniors would be have a better understanding of the technologies used in sap.. Like ui5, abap...  
 They expect the scholars to be all rounders good in front end aa well as back end.  
 Ps: only join if you are ready to work really really hard for two years.  
 Regards  
 Sunpreet Gujral

 Dear Sunpreet, Varsha & Sandeep,

Guess you all have joined SAP Lab - please share your joining status.

Also, share your feedback/experience at SAP\_Lab Bangalore - any feedback/advise for your juniors will be appreciated.

Best Wishes,

Dr Dham  
 Placement Cell PUP
