Respected sir,

I and simranpreet are currently doing the job there. Our internship was finished around 18 July 2016. Taranpreet has left the company and shifted to mohali for her personal reasons. Now, Regarding the company. The company and the work environment is beautiful. Everyone is very cooperative. I suggest you to acknowledge our students about Intellectual Property field. So that they can decide if they want to join the companies like these or not. Our students need guidance and awareness regarding such fields. Its a nice field to persue in for mechanical engineers who are good at reading and understanding technologies related to our field. All & all its a good experience so far. And i am thankful to You and Punjabi University for giving me a chance to explore this opportunity.

Regards

Sorry Parteek - thanks for the correction - any idea about the joining of other two from Computer Engg.

Please share your feedback/suggestions with some of your juniors.

Best Wishes,

dr dham

Respected Sir,

I too have joined sagacious research. But there was no name in the email that you sent regarding the joining and feedback.

Please look into the matter.

Thank you
