The Director,
University Computer Centre
Punjabi University, Patiala

Subject: Request to extend date for e-tender notice on the university website.

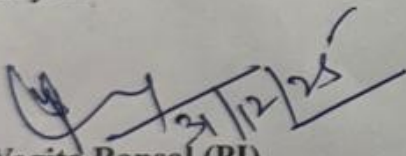

Respected Sir,

I have been awarded a research project under the *Centre for Product Development and Drug Research* through *Novel Technology Interventions (RUSA Phase-II)* component titled "*In Silico* assisted Design, Synthesis and Evaluations of multifunctional compounds for combating Alzheimer's disease".

An e-tender to purchase an consumables has been uploaded on the university website through your kind office. The date to open the bids was 30/12/2025. At the time of opening the technical bids on the university portal, there were only one bids for the above-mentioned equipment. This was less than the minimum requirement of three bids as per the rules for opening technical bids. Considering this situation, the committee has unanimously decided to extend the time period for submission of technical bids by one week (i.e., up to 07/01/2026 till 17:00 hours).

You are requested to kindly update the following information on the university website: The **date for application of technical bids for "consumables" has been extended by one week (i.e., up to 07/01/2026 till 17:00).**"

Thank you.

Dr. Yogita Bansal (PI)
Professor
Department of Pharmaceutical Sciences
and Drug Research
Punjabi University, Patiala
