Subject: Request for extension of advertisement for project fellow for project approved under RUSA-II

I have been awarded a research project under the Centre for Product Development and Drug Research through Novel technology Interventions (RUSA Phase -II) component titled "***In Silico* assisted Design, Synthesis and Evaluations of multifunctional compounds for combating Alzheimer's disease**" with a total funding of **94,07,700/-**.

With your due permission (letter no 4053 dated 4/12/25) advertisement for project fellow for the appointment of **Three project fellow (2 in Pharmaceutical chemistry and 1 in Pharmacology)** was uploaded on University website on 5th Dec 2025. Till Date, I had received 5 applications for pharmacology but only 02 application in pharmaceutical chemistry against 02 positions in Pharm Chemistry. As the applications received for pharm chemistry are very limited so I request you to kindly give me permission for the extension of this advertisement for further seven days.
