Note:

Internship in schools is to be organised for a minimum duration of 16 weeks. Before this, pre-teaching phase in the term of micro-teaching will be organized in the college/ department for at least two weeks. A trainee will teach at least ten micro lessons (two micro lessons in each of the five selected micro teaching skills) and will observe the micro lessons taught by his/her fellow student teachers for providing the required feedback. During this pre-teaching phase the student teachers will be provided training to prepare teaching-learning material/teaching aids. Every student teacher will keep the record of micro-teaching lessons taught by him/her and checked by his/her teacher educator for presenting before the external examiner during the final skill-in teaching practical examination for evaluation.

During the school internship, the students should be provided opportunities to teach in government or private schools with systematic supervisory support and feed-back from the faculty. During the internship a student teacher shall work as a regular teacher and participate in all the school activities, including planning, teaching and assessment, interacting with school teachers, community members and children.

School internship should include an initial phase of four weeks of supervised teaching practice in the school. This phase would include planning and delivering at least ten lessons in each school subject. Apart from this each trainee teacher would submit two teaching aids and one question paper for a secondary class to his/her master trainer. At the culmination of this phase, the master trainer in each subject will conduct one discussion lesson to evaluate the performance of the intern.

During second phase of the school internship, the student teacher apart from taking

the regular classes as per the school time-table will engage with the school community and organize different co-curricular activities. They may organize or participate in any five of these activities; Blood Donation Camp; Student Health Check-Up Camp Plantation of Trees, Ornamental plants or flowering plants; Quiz competition; Declamation Contest; Debate Competition; Painting/ Poster Making Competition; Poetical Recitation; Cleaning of classroom, School Lawn or Drinking Water Tank. During the school internship the teacher trainees will have to plan and deliver total 40 lessons in each subject (30 more lessons in the second phase). Besides, each student teacher would observe at least 30 lessons (15 lessons in each (respective) schools/subjects).

Apart from the above student teacher will conduct an action research during his/her internship. A detailed report will be prepared including all the steps of the study. The tools, techniques used, response sheets or any other document in support of the study should be submitted along with the report. The action research report will be evaluated by the Master Trainer in the respective school subject.

In addition to the above requirement of the university, the student teachers would have to participate in and perform all other activities of the schools as and when assigned by the head of the school. A certificate of satisfactory work by the Principal/Headmaster of the school shall be issued to the candidate after the completion of internship, which shall be further countersigned by the supervisor and the Principal of the College/Head of the Department.
